

European Technical Approval Guidelines (ETAGs) were established by the European Organisation of Technical Approvals under the Construction Products Directive - 89/106/EEC (CPD) - upon mandates of the European Commission. Member States were invited to publish these Guidelines in their official language(s). The reference document is the English version. Some other language versions were made publicly available by EOTA.

Available documents reflect the situation of ETAGs on 30th June 2013.

Since 2014, EOTA develops the [ETAGs into EADs](#) following the requirements set up in the Construction Products Regulation (EU) 305/2011.

Note: see the related documents on our webpage *Publications* -> *EADs* once published in the Official Journal of the European Union (OJEU).

ETAG Number	ETAG Title	Date of EC endorsement
ETAG 001	Metal Anchors for Use in Concrete Part 1: General	27-06-2013
superseded by EAD 330232-00-0601	EN	
ETAG 001	Metal Anchors for Use in Concrete Part 2: Torque-Controlled Expansion Anchors	27-06-2013
